Spring has finally arrived...

Although Spring is classed as March, April and May, having snow during March made the season feel rather like Winter. Now that the Sun is out Residents can fully enjoy our beautiful garden.

Zoo-Lab visit:

Our Residents enjoyed a visit from Zoo-Lab bringing a variety of unusual animals, not regarded as ‘everyday pets. As seen on the photos we were able to hold a snake, a giant snail, a cockroach and admire the tarantula from a distance...

To all residents, relatives & visitors

Choosing a care home for a loved one is such an enormous responsibility. It can prove to be an incredibly stressful, painful and emotional time. You may indeed recall all the emotions you experienced when you went through the same journey.

Thankfully, there is now a website which can provide re-assurance to families as they search for their ideal care home.

carehome.co.uk is the UK’s leading care home website. It’s the care industry’s equivalent of Trip Advisor. It’s sole purpose is to help potential residents and their families find the right care home. Every home is rated according to reviews made by residents, relatives and other people who have an opinion on the homes.

We kindly ask you to complete one of our carehome.co.uk review cards or visit their website and leave a review on our page.

It's so easy to do.

Please don’t hesitate to ask at reception if you need any assistance in completing the review cards.

Once complete, you can post it directly to carehome.co.uk using their freepost service, or pop it in at the reception desk and we can post it for you – please be sure to include your telephone number.

Thank you so very much for your continued support. This really is a wonderful way to help other families currently considering their care options.
