

## DERBY THEATRE REHEARSAL ROOMS

### Room booking request form

Our Rehearsal Rooms on Forman Street has two spaces available to book. Room A, which is located on the first floor, is our smaller rehearsal space measuring approximately 6.5m x 8m. Room A is better suited to individual artists or companies of 6 or less people, who have minimal set, props and furniture. It is up a flight of stairs and is not suitable if your company has any access requirements.

Room B, which is located on the ground floor, is our larger rehearsal space measuring approximately 11m x 8.5m and is fully accessible. Room B is better suited for larger companies of more than 6 people, and those who have larger scenic pieces or more props and furniture.

Please state at the time of making your booking which space you require, and also if you have any access needs. Please don't request Room B if your company could fit comfortably in Room A, as then Room B won't be available for a company who needs it. We will prioritise larger companies in Room B

**Room A**

**Room B**
